RESEARCH PROFILE

I am a Lecturer in Industrial and Production Engineering at MIST, Bangladesh, and a Mechanical Engineering graduate of RUET. My research interests include fluid dynamics, turbulence modelling, boundary layers, computational fluid dynamics, aerodynamics, and wind energy. My undergraduate thesis explored the design and development of a vertical-axis wind turbine for coastal Bangladesh.

EDUCATION

B.Sc. in Mechanical Engineering | RUET | 2019–2025
CGPA: 3.90/4.00; rank: 2nd of 188 students; First Class with Honours.
Undergraduate thesis: Design and development of vertical axis wind turbine for coastal areas of Bangladesh. Supervisor: Prof. Dr. Mohammad Shahed Hasan Khan Tushar. Thesis grade: A+.
Selected coursework: Fluid Mechanics I and II (A+); Fluid Machinery (A+); Thermodynamics (A+); Energy Engineering and Technology (A+); Numerical Analysis and Statistics (A).
HSC, Science — Rajshahi College, 2019; GPA 5.00/5.00.
SSC, Science — Chandaikona M.L. High School, 2017; GPA 5.00/5.00.

ACADEMIC EXPERIENCE

Lecturer, MIST | November 2025–Present
Deliver undergraduate courses following Outcome-Based Education (OBE) principles. Prepare lectures, tutorials, assessments, and examination questions aligned with Course Outcomes (COs) and Program Outcomes (POs). Conduct laboratory sessions, ensuring safety and proper equipment use.
Evaluate student performance through continuous and semester assessments. Provide academic advising and mentoring to students. Participate in curriculum development and Continuous Quality Improvement (CQI) activities. Actively engage in departmental research activities and project work. Perform departmental administrative and academic coordination tasks. Maintain discipline, punctuality, and professional standards.

LEADERSHIP & ACTIVITIES

Chief Coordinator, Society of Automotive Engineers, RUET | 2024–2025
Coordinated club activities and technical events, led project teams, and built collaboration with faculty, industry and external partners.
Campus Coordinator, Innovation Hub, RUET | 2024–2025
Technical Crew, Team ANNEX, RUET | 2022–2023
Delivered technical training and supported recruitment as a core technical member.

SELECTED HONOURS

2022 — **Student of the Year**, Department of Mechanical Engineering, RUET
2020 — **Merit Board Scholarship (HSC)**, Rajshahi Education Board
2019 — **National Round qualifier**, Chemistry Olympiad
2018 — **Merit Board Scholarship (SSC)**, Rajshahi Education Board; 1st place in Raiganj Upazila

TECHNICAL SKILLS

Software: ANSYS, SolidWorks. Programming: C, C++.
